

ANNA MANOJ

Master of Information Technology | Software Development & IT Graduate

annamanojau@gmail.com | Melbourne, VIC | [linkedin.com/in/anna-manoj-682a211aa](https://www.linkedin.com/in/anna-manoj-682a211aa) | <https://github.com/annamanoj>

SUMMARY

Master of Information Technology graduate from RMIT University with a Bachelor of Technology in Computer Science and Engineering. Strong academic foundation in software development, programming, databases, cloud computing, data science, cybersecurity and artificial intelligence. Hands-on experience through academic projects and industry collaboration with Telstra, including the development of a Smart Spatial Assistant using the Unitree Go2 Robot. Experienced with Python, Java, JavaScript, React, SQL, AWS and modern development tools, with strong problem-solving, communication and teamwork skills. Currently seeking opportunities to begin a professional career in software development, IT and technology.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, Swift, PHP, SQL

Frameworks & Libraries: React, FastAPI, SwiftUI, TensorFlow, OpenCV, Qt, JDBC

Cloud & Database: AWS, EC2, Amazon S3, DynamoDB, MySQL

Development Tools: Git, GitHub, Jira, VS Code, Postman, Xcode, Figma, XAMPP

AI & Computer Vision: YOLOv8, Machine Learning, Deep Learning, Computer Vision, Image Classification

Software Development: REST APIs, MVC Architecture, OOP, Responsive Web Design, Database Design

PROJECTS

Smart Spatial Assistant — Telstra × RMIT University

- Developed an intelligent robotic assistant using the Unitree Go2 Robot.
- Applied AI, computer vision and software development concepts to an industry-focused project.
- Collaborated in a team environment to design and develop the solution.

Apple Foundation Program — Budget Eats

- Developed a mobile application through Apple's challenge-based learning program.
- Applied Swift, SwiftUI, Xcode, UI/UX and collaborative development practices

PROFESSIONAL DEVELOPMENT

Apple Foundation Program – RMIT University | 2025

- Completed Apple's challenge-based learning program focused on iOS application development
- Gained hands-on experience with Swift, SwiftUI, Xcode, Apple Developer tools, and Human Interface Design
- Strengthened collaboration, presentation, UX/UI design, and rapid prototyping skills through team-based product development

INTERNSHIP

Web Development Intern *NextGenPro Innovations & Edupark Pvt Ltd* | June 2022

- Built and debugged 10+ responsive web pages in HTML, CSS, and JavaScript, achieving consistent rendering across Chrome, Firefox, and Safari
- Used browser DevTools to identify and resolve 20+ layout and performance bugs, cutting page rendering inconsistencies by ~40%
- Translated 15+ Figma mockups into pixel-accurate, production-ready UI components in collaboration with the design team

EDUCATION

Master of Information Technology — RMIT University, Melbourne | 2024 – 2025

- Relevant Coursework: Advanced Programming, Cloud Computing, Practical Data Science with Python, Database Concepts, Software Engineering Fundamentals, Software Testing, Data Mining, Algorithms & Analysis.

Bachelor of Computer Science and Engineering — VJCET, Kerala | 2019 – 2023

- Relevant Coursework: Data Structures & Algorithms, DBMS, Computer Networks, Operating Systems, OOP, Web Technologies

CERTIFICATIONS

- Technical Support Fundamentals — Coursera
- Fundamentals of Digital Marketing — Google Digital Unlocked
- Cloud Computing — Pacelab (IET)
- Salesforce Business Administration Specialist Superbadge
- Salesforce Trailhead — 30+ badges
